

# Welcome

# DPC NURSERY

## Our Wellness Practices:

1. COVID Questions – any fever, coughing or sniffles in the last 3 days?
2. One parent, wearing a mask, helps your child wash their hands before playing.
3. Children, ages 2 and above, wear masks, as do all adults who enter the nursery.
4. Sign-in your child so we know a bit about your child and how to contact you.
